

SKI COURSE

2025

From 6.-12.1. 2025 our class 1.B and two other classes, 1.A and 1.C, were on ski course in Rokytnice nad Jizerou in Krkonoše.

We traveled there by coach, our class had own coach. It was so good because we had a lot of space there.

When we arrived there, we made a big "human snake" and we moved our luggage from the coach to the hotel Krakonoš, this is what our accommodation was called.

We had All inclusive. The food here tasted good - it wasn't the best food I ever eaten but I wasn't hungry. The rooms ~~was~~ worse.

I was in a double room with Andrejka and we didn't have a bathroom.

Our bathroom was connected to the hall. And the worst thing was that we had terrible cold there.

The weather wasn't ideal but the main thing is that we had enough snow. And the down-hill skiing was good. And we also tried

cross-country skiing. I tried it for the first time. It was funny but when we went on a trip to Harrachov it was more than 30 kilometers, so we ~~were~~ totally dead, especially our legs. But it was worth it because in Harrachov I bought fried cheese and it was delicious. It was challenging but I enjoyed the nice time with friends.
