30. Lions normally eat \_\_\_\_\_. a) fruit and veg b) people. c) other animals.

## B. READING: Read the text and decide if the statements are true (T) or false (F).

max. 8 pts.

### Robot Birds

Liverpool city council want to clear the city of fat pigeons. They say that people are feeding the birds, which makes them fat. The pigeons get bigger because their normal diet consists of seeds and insects, not high-fat junk food they are eating in the city centre.

The council want people to know that everyone who feeds the pigeons is responsible for the streets being so crowded with these birds. They hope to encourage the birds to move away from the city centre and into parks and open spaces.

Ten robotic birds have been brought into the city centre to scare the pigeons away and visitors are asked not to give the pigeons any food. The mechanical birds - known as 'robops' - will sit on the roofs of buildings. They can be moved around to different locations. They look like a peregrine falcon, which is a bird that kills pigeons. They even make noises and flap their wings to scare the pigeons. They hope that the pigeons will go away before the city becomes the European Capital of Culture in two years.

A pigeon is a type of a bird. \_\_\_\_  
Liverpool pigeons get fat because they eat seeds and insects. \_\_\_\_  
There are a lot of pigeons in the centre of Liverpool. \_\_\_\_  
The city council want the pigeons to move out of the city centre. \_\_\_\_

Visitors shouldn't feed the pigeons. \_\_\_\_  
The robotic birds can move. \_\_\_\_  
Robops cannot make noises. \_\_\_\_  
Liverpool is the European Capital of Culture. \_\_\_\_

**C. LISTENING: Listen to the recording and put one or two words in each gap. You will hear the recording twice.** max. 7 pts.
